

IPhO Fellowship Collaboration

BENEFITS OF IPhO COLLABORATION

REACH

Audience of 7,000+ pharmacy students from 140+ schools and 100+ IPhO chapters

EXPERTISE

30+ years of fellowship knowledge to help with ongoing critical consulting and advice

PROVEN

Nine current fellowship partnerships with years of successful recruitment

DIVERSITY

Strong diversity initiative & ability to recruit underrepresented groups at all IPhO student chapters, including all historically black college or university (HBCU) pharmacy schools

RECRUITING SUPPORT

Candidate identification and customized fellowship recruiting campaigns through FellowMatch, email, and social media

BUDGET

Significantly lower costs as compared to alternatives

FLEXIBILITY

Flexible work arrangements enable fellows to participate in efforts remotely or in-person, without taking time away from the office

PRODUCTIVITY

No time away from the office for IPhO fellows (remote or in-person)

FELLOW PROFESSIONAL DEVELOPMENT BENEFITS

- The Fellow will be a member of the IPhO National Fellows Council (NFC), a diverse group of Fellows representing all programs nationally. In this way, the Fellow connects to a national network of 900+ Fellows through IPhO-hosted networking events.
- The Fellow will have opportunities to network and engage with IPhO leadership and other current industry pharmacists.
- The NFC offers its members **leadership roles** for its committees, including Fellows Development, Professional Programming, and Student Development.
- The Fellow will gain **teaching experience** through industry-focused webinars for students.
- The IPhO Fellows can work on professional publications, preferably (but not necessarily) in conjunction with an IPhO leader and/or other fellows from around the country.
