

Join the IPhO National Fellows Council

WHO WE ARE

Supporting the mission of IPhO, the National Fellows Council (NFC) is a group of fellow leaders from across the country who come together to develop networking opportunities, professional development resources, and career advancement support to enhance the fellowship experience. The NFC connects and unifies fellows of all programs nationally, advocating for their career development interests.

Contact fellows@industrypharmacist.org if you are interested in joining!

“As a first-year fellow, I am excited to have the **support** of the NFC community as I begin my fellowship journey. The opportunity to **connect** with other fellows has already provided valuable insights into professional development and industry careers.

I look forward to continuing to build these relationships and grow personally and professionally with the **guidance** of this incredible community. ”

BENEFITS OF JOINING THE NFC
